

Golden Angels Holdings Sdn. Bhd.

Precision, Strength, and Integrity in Every Project

COMPANY PROFILE

Golden Angels Ventures

About Us

Introduction

Golden Angels Holdings Sdn. Bhd. is a dynamic industry leader specializing in demolition, civil works, and steel fabrication. With a steadfast commitment to quality, safety, and innovation, we deliver top-tier solutions tailored to meet the demands of modern infrastructure projects. Our expertise spans large-scale demolitions, precision civil engineering, and high-quality steel fabrication, making us a trusted partner for government and private sector projects.

Company Background

Founded on principles of excellence and efficiency, Golden Angels Holdings Sdn. Bhd. has rapidly grown into a trusted name in Malaysia's construction and demolition sector. Our company is built on a foundation of technical expertise, strategic execution, and a client-centric approach. Over the years, we have completed numerous projects that showcase our capability to handle complex challenges while adhering to the highest industry standards.

Key achievements

- Successful execution of government and commercial demolition projects.
- Expansion into civil works, enhancing infrastructure through roadworks, earthworks, and structural engineering.
- Advancement in fabrication technology, providing high-precision steel structures and custom metalwork solutions.
- Commitment to sustainable practices, ensuring minimal environmental impact in all our operations.

Current Projects

Golden Angels Holdings Sdn. Bhd. continues to push boundaries with cutting edge projects across Malaysia. Some of our recent and ongoing projects include:

- Government Hospital Demolition – Melacca, Malaysia: A major demolition project executed with the highest safety and environmental standards.
- Demolition Project – Labuan, Malaysia: A large-scale infrastructure removal and site-clearing operation, facilitating future developments.
- Demolition Project – Sabah, Malaysia: Expertly managed demolition work, ensuring compliance with regulatory and environmental guidelines.
- Earthworks – Karak Pahang, Malaysia: Comprehensive land preparation and grading, supporting infrastructure and construction projects.
- Future Expansion: Plans to collaborate with public-listed companies for nationwide demolition projects, strengthening our position as an industry leader

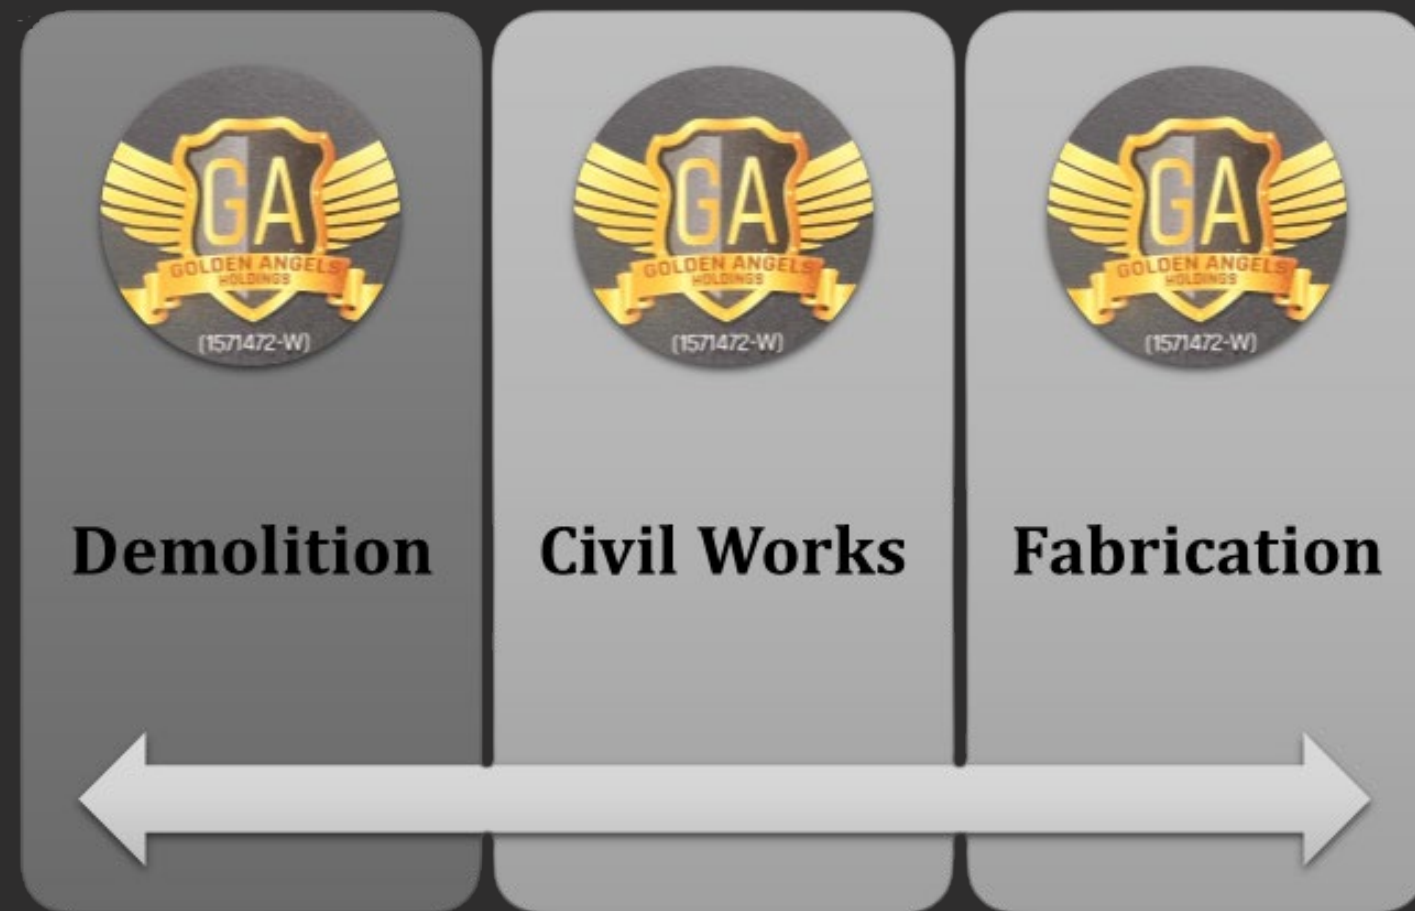

Vision & Mission

Vision Statement:

"To be the leading provider of innovative and sustainable civil works and demolition services, committed to reshaping the built environment with precision, safety, and excellence."

Mission Statement:

"At Golden Angels Holding Sdn. Bhd., we are dedicated to delivering high-quality civil engineering and demolition solutions that exceed our clients' expectations. We prioritize safety, efficiency, and environmental responsibility in every project, striving to build lasting relationships with our clients while contributing to the advancement of infrastructure development."

At Golden Angels Holdings Sdn. Bhd., we provide a comprehensive range of demolition, civil works, and fabrication services. Our expertise, combined with a strong commitment to safety, efficiency, and environmental responsibility, ensures the successful execution of every project.

1. Demolition

We specialize in precise and controlled demolition services, ensuring safety and compliance with industry standards. Our demolition solutions include:

- Government & Commercial Demolition – Large-scale demolition projects for public and private sector infrastructure.
- Industrial Decommissioning – Safe dismantling of industrial sites, factories, and plants.
- Roadworks and Land Development – Road construction, paving, and land preparation for industrial and residential projects.

2. Civil Works

Our civil engineering and infrastructure development services are designed to support urban growth and modernization. We offer:

- Infrastructure & Earthworks – Land clearing, grading, and foundational preparations for development projects.
- Concrete and Structural Engineering – High-quality structural solutions for buildings, bridges, and commercial facilities.
- construction and industrial applications.
- Custom Metal Works – Specialized fabrication for unique architectural and engineering requirements.
- Industrial Engineering Solutions – Custom-built solutions to optimize performance in various industrial sectors.

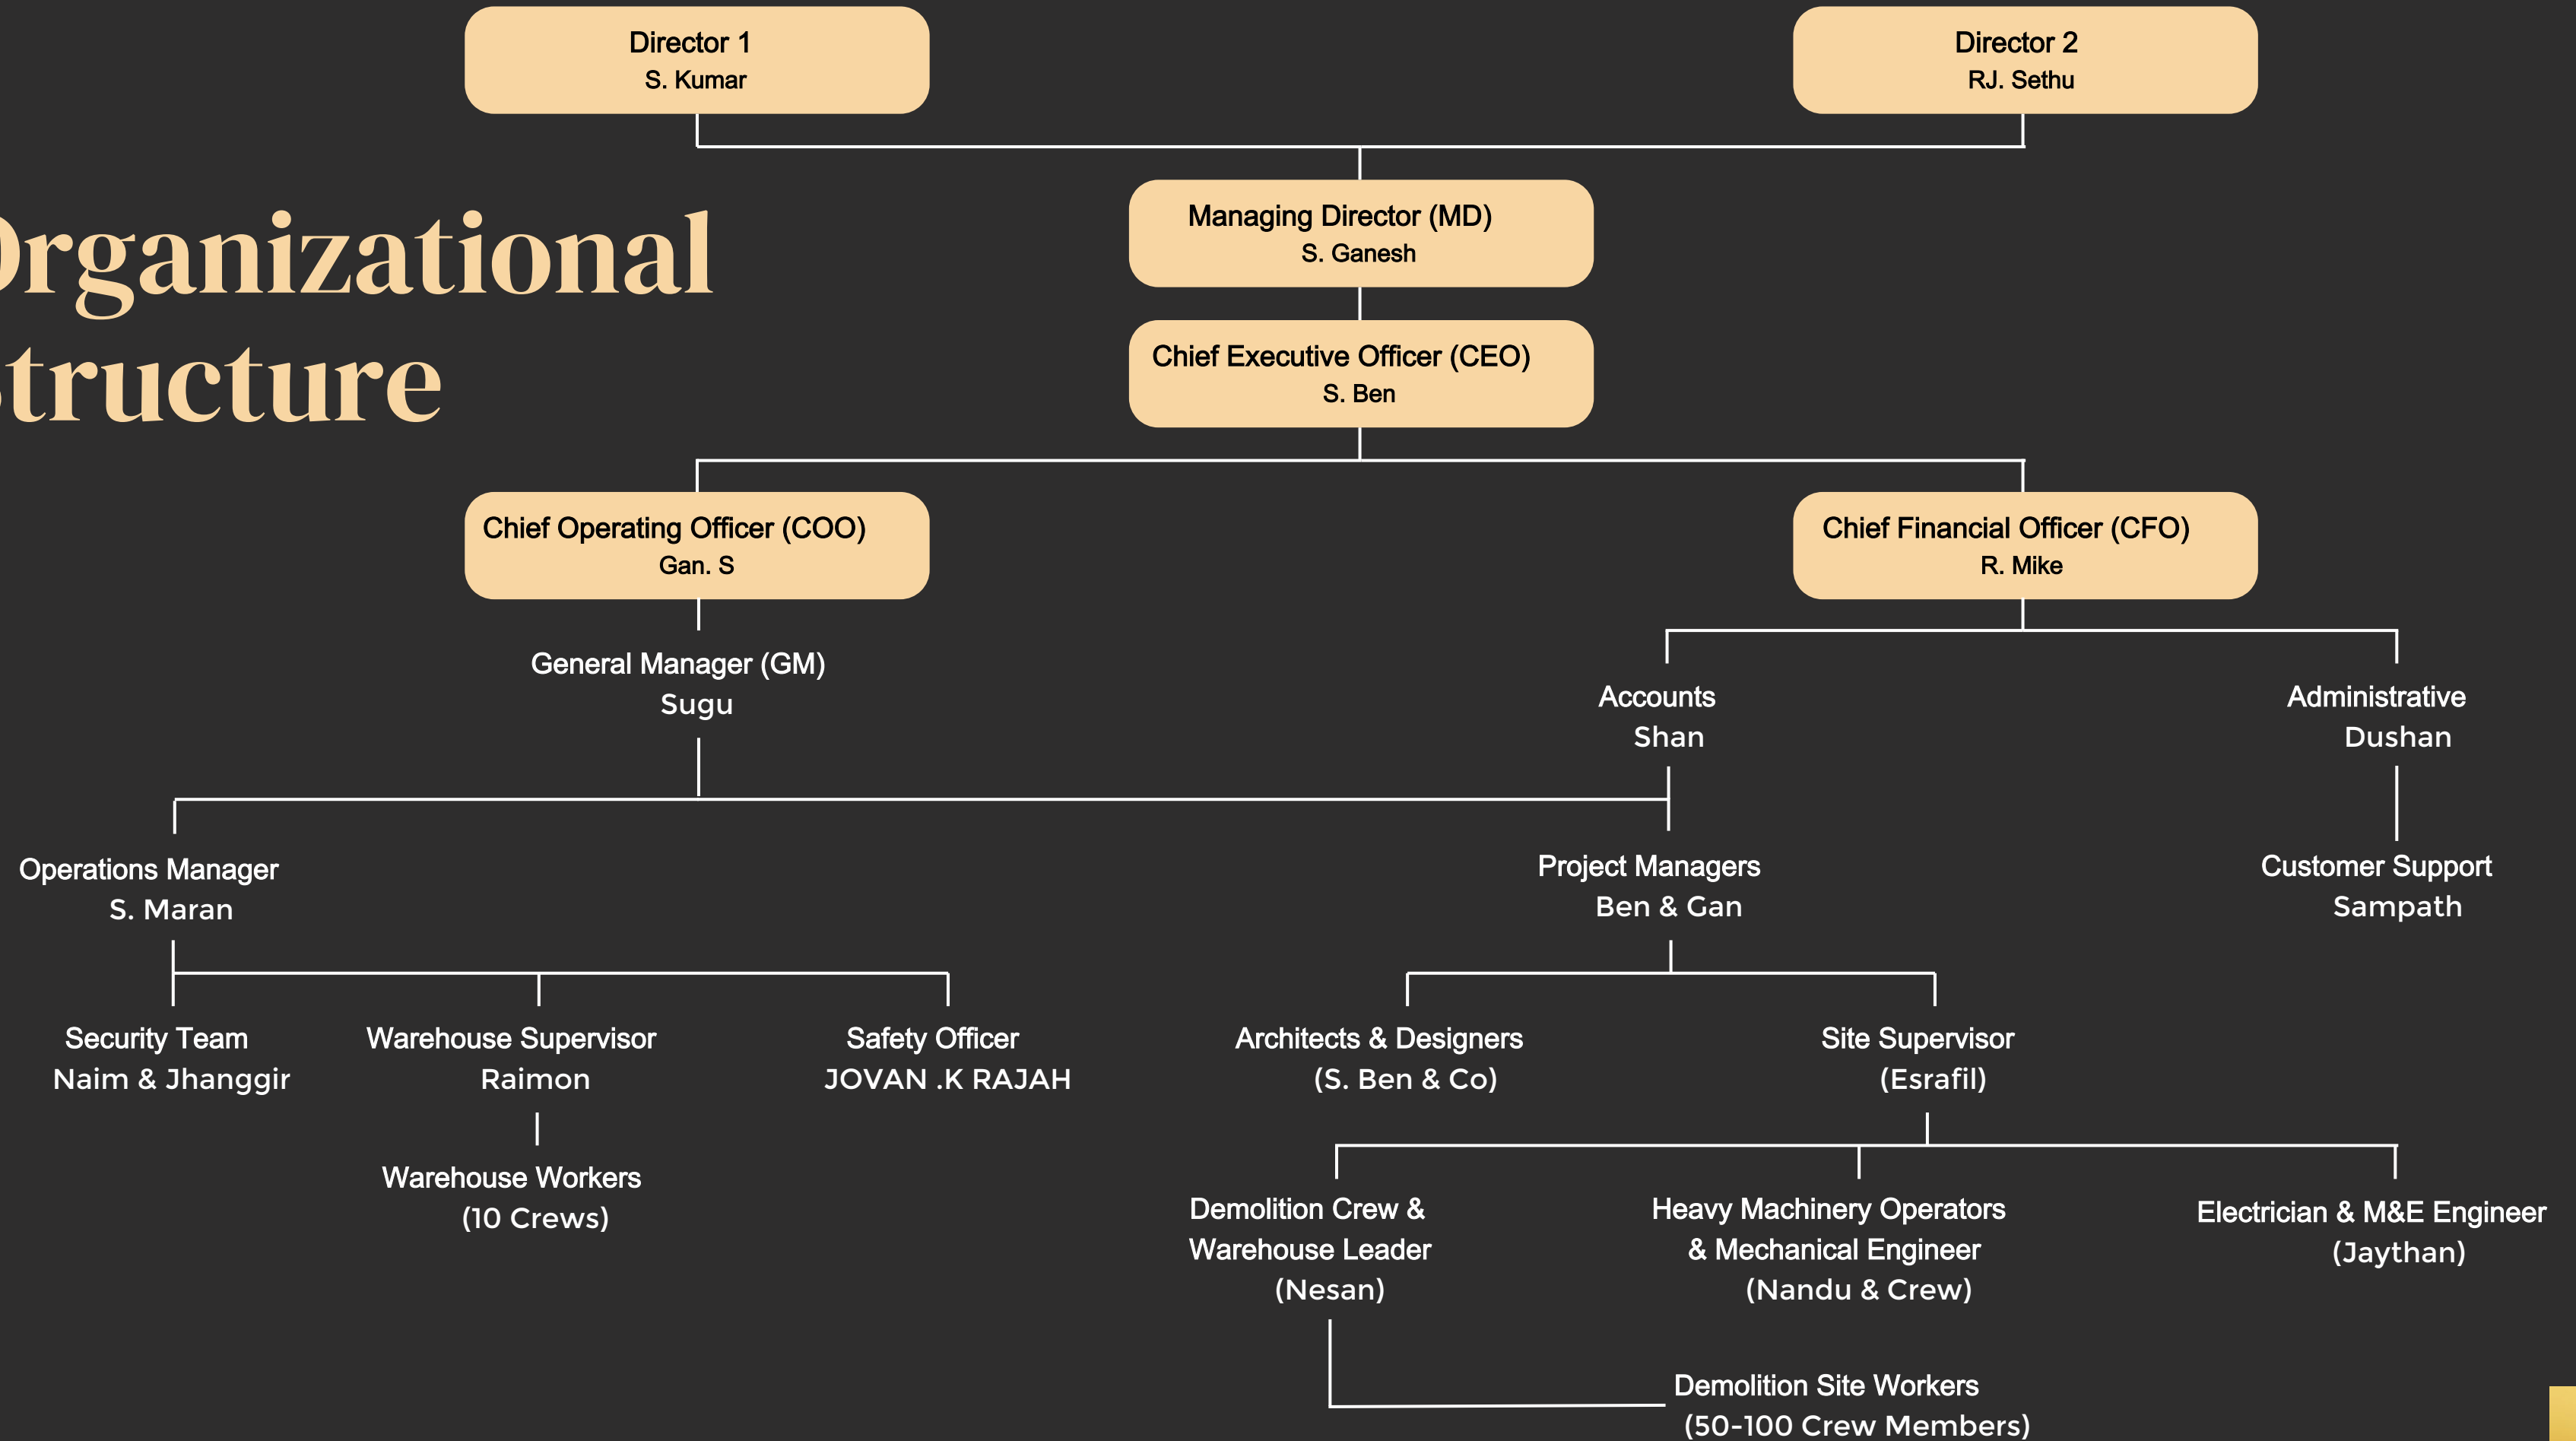

3. Fabrication

We provide precision metal fabrication and engineering solutions tailored to meet diverse industry needs. Our services include:

- Structural Steel Fabrication High-quality steel components for
